INK MARKERS

IMMEDIATE MARK AND DRY

Preferred for their ability to immediately mark and dry on almost any type of surface, felt-tip ink markers can be found on almost any job site, in any factory, or throughout warehouses and shipping departments around the world.

Our line of DURA-INK® markers utilize industrial-grade construction, tips, and long-lasting inks, making them ideal for use in almost any application.

DURA-INK® Permanent Ink Markers

Roll-resistant caps

Composed of sturdy plastic, these impact-resistant caps are designed to offer a quick and complete seal to prevent premature dry-out. The convenient clip caps help the markers to store easily in a pocket or tool belt, and resist rolling off of a table or workbench.

Durable and lightweight barrels

Lightweight enough to reduce hand fatigue, but large enough to be used comfortably even with work gloves, these impact-resistant barrels will hold up in tough working environments and help to extend the life of the marker.

Extra-tough tips

Whether marking on cardboard or steel, the extra-tough tips resist spreading or mushrooming, ensuring long life and accurate marking performance.

Wear-resistant ink formula

Formulated to dry quickly and leave bold, highly-visible marks, the industrial grade ink is safe for use on almost any surface and is wear- and water-resistant.

DURA-INK® 5
Extended
Micro Tip

Industry Uses

- Metal fabrication
- Construction
- Automotive and other transportation
- Shipping supply
- Textile
- Aviation and aerospace

Surface Uses

- Metal
- Cardboard
- Pipes and tubes
- Plastic
- Glass
- Lumber/timber
- Cloth, fabric (textiles)

DURA-INK® Dry Erase

The DURA-INK® Dry Erase marker makes temporary marks that are quickly and easily removed from most non-porous surfaces without ghosting or leaving a residue. The bullet tip provides highly-visible marks until time to be removed and will not spread or mush for longer marking life.

Features & Benefits

- Industrial-strength ink for temporary marking applications removes quickly and easily with dry rag, towel, or eraser
- Marks will not ghost or leave a residue once removed from most non-porous surfaces
- Durable nib will not spread or mush, and will not scratch painted surfaces
- Durable clip-cap and plastic barrel will resist unnecessary wear and breakage

Industry Uses

Quality control
Automotive
Automotive aftermarket
Steel mills and warehouses

Surface Uses

Metal
Plastic
Glass
Aluminum

ALL-WEATHER® Plastic Tag Marker

A permanent ink marker engineered with a unique formula to etch into plastic surfaces and tags for long-lasting, highly-visible marks. The valve-actuated tip releases the wear-, weather- and UV-resistant ink on demand for smooth, continuous use.

Features & Benefits

- Unique ink formula etches into polyurethane plastic surfaces and tags for long-lasting, highly-visible marking
- Fade- and weather-resistant ink for extended outdoor exposure
- Heavy-duty aluminum barrel for tough work conditions
- Convenient clip-cap stores marker easily in pockets and eliminates product roll

Industry Uses

Security and theft prevention
MRO
Animal herd management
Construction

Surface Uses

Polyurethane plastics
Animal tag marking
Rubber
